

EMPOWER

GOLF PERFORMANCE

"Developing complete athletes through a proven performance pathway."

Dear Parents,

At Empower Golf Performance, we believe every young athlete has the potential to become something far greater than just a skilled golfer. Our mission is to develop confident, disciplined, and resilient individuals—both on and off the course—while guiding them toward opportunities that can shape their future.

We recognize that behind every athlete is a family making a meaningful investment of time, trust, and belief. That is something we take seriously. Our academy is intentionally designed for families who are committed to long-term development—not quick fixes. Through a structured, proven pathway, we guide each athlete from foundational skills to elite competitive performance, integrating technical instruction, physical development, and mental training every step of the way.

Every athlete progresses through a clearly defined system—building fundamentals, developing power and speed, mastering the short game, and preparing for competition. Along the way, they gain something even more valuable: the mindset, habits, and discipline required to succeed under pressure and continue improving over time.

As athletes advance, opportunities within our Academy Tier Model become available. Because of the individualized nature of our higher-level programs, **placement is limited and requires qualification**. Families invited to be considered will participate in a **pre-qualification meeting** with our coaching team. During this process, each athlete will complete a **personal goal-setting worksheet**, allowing us to fully understand their commitment, aspirations, and long-term vision. This ensures that every athlete we accept into advanced training is prepared to meet the standard and maximize the opportunity.

Our goal is not simply to develop better golfers—it is to build athletes who are prepared for competition, driven by purpose, and positioned for long-term growth, including collegiate opportunities.

If you are seeking a program that challenges, supports, and invests deeply in your athlete's future, we look forward to the opportunity to work with your family.

Sincerely,

L. Brian Velasquez
